PROFESSIONAL EXPERIENCE

Johnnette Technologies Pvt. Ltd.

Noida, India

Senior Web Developer	Jan 2025-Present
Full-Stack Web Developer	Jan 2023-Dec 2024
Associate Web Developer	Apr 2022-Dec 2022
Web Developer Intern	Jan 2022-Mar 2022

- Developed and deployed 12+ production ready software solutions using Python, Django, JavaScript, PostgreSQL, and AWS, powering scalable business applications with Progressive Web App (PWA) capabilities and offline support.
- Led the complete SDLC for 12+ projects, from requirement analysis to production deployment, while architecting secure REST APIs, integrating third-party services, and supporting seamless transactions through four payment gateways.
- Boosted application performance by ~60% through code optimization, database tuning, backend enhancements, and performance monitoring, resulting in faster response times and improved system reliability.
- Increased organic traffic by 35% across 12+ production applications through technical SEO, performance optimization, and close collaboration with cross-functional teams, strengthening digital visibility and user engagement.
- Managed AWS cloud infrastructure and production deployments while mentoring 10+ junior developers through code reviews and technical guidance, ensuring reliable releases and engineering best practices.

</> FEATURED PROJECTS

Johnnette Technologies Pvt. Ltd.

Tech Stack: *HTML, CSS, JavaScript, jQuery, Bootstrap, PWA, AWS.*

- Independently conceptualized and launched the official company website, attracting 2,000+ daily visitors while strengthening the organization's global digital presence.
- Increased qualified business inquiries through SEO, performance optimization, deployment, hosting, and continuous platform maintenance.
- Constructed the company's central digital platform, resulting in a 30% growth in customer engagement and bolstering international online presence.

LPC Consultancy Platform

Tech Stack: *Python, Django, Sqlite, Bootstrap, JavaScript, AWS.*

- Established a platform connecting 100+ startups with investors and consultants while enabling appointment booking, lead management, and service workflows.
- Optimized website speed by 60%, enhancing SEO performance and overall user engagement.

Johnnette Store-Drone E-commerce Platform

Tech Stack: *Python Django, PostgreSQL, Bootstrap, JavaScript, jQuery, AWS, Payu.*

- Launched a scalable e-commerce platform with secure authentication, order processing, and checkout workflows.
- Crafted a responsive shopping interface across mobile and desktop while connecting 4 payment gateways for uninterrupted online transactions.

Indian Institute of Drones (DGCA Approved)

Tech Stack: *Python, Django, PostgreSQL, Bootstrap, JavaScript, jQuery, AWS.*

- Delivered an end-to-end comprehensive training platform for DGCA approved drone institute, automating student enrollment, schedule access, exams, certificate generation, and supporting the certification of 3,500+ drone pilots now employed across India.
